

Sat 18th Nov 2023 DMC AGM / Awards
Presentation – Woodfalls Inn .

Chairman's Statement :

Welcome to all of you who have made the effort to attend.

As from today I am standing down from my position as DMC Chairman after holding this roll for past 14 yrs after working hard helping to gradually build a well respected Motor Club , I have been fortunate enough to be strongly supported by Brenda & many others on this journey who I will acknowledge privately .

In recent years I've witnessed many changes in the club & not all of them sit comfortably with me , as well as some paddock whispers being passed onto me . However I have taken on board all comments and from people who know me well & made this decision to be in the best interest of myself & family therefore taking a new way forward for me.

I shall continue to support the DMC wherever possible & wish the new committee success going forward.

The Atwell Wilson Museum have kindly set aside an area for Downton Heritage promotional purposes which can only be good for the club & its history as well as going forward .

Also I can confirm that as from 1st April 2024 the facilities @ the Downton Leisure centre will no longer be a liability for the Downton Motor Club . The members have time until then to make a decision of its future there.

Best of wishes to you all

Steve Harris - outgoing Chairman
